E-democracy (a combination of the words electronic and democracy), also known as digital democracy or Internet democracy, incorporates 21st-century information and communications technology to promote democracy.

E-democracy - Wikipedia

A critical factor for energy democracy is the development model through which these technologies are deployed. The energy democracy movement recognizes that the choice of different scales of deployment, from the largest megaprojects to the smallest community solar project, potentially lead to very different renewable energy futures . The ...
