Journal of Library Administration 53(1) (2013): 10â€“26. This paper surveys the current locations of digital humanities work, presents a cultural informatics model of libraries and the digital humanities, and situates digital humanities work within the user-centered paradigm of library and information science.

### **"Digital Humanities and Libraries: A Conceptual Model**

A digital divide is an economic and social inequality to the access to, use of, or impact of information and communication technologies (ICT). The divide within countries (such as the digital divide in the United States) may refer to inequalities between individuals, households, businesses, or geographic areas, usually at different ...
