Photon Bond: the type of fundamental force that holds human molecules together in bonded association, as in: marriage, family, friend, occupational, societal, or governmental bonds, etc.

Human Thermodynamics :: Glossary

The first law of thermodynamics is a version of the law of conservation of energy, adapted for thermodynamic systems. The law of conservation of energy states that the total energy of an isolated system is constant; energy can be transformed from one form to another, but can be neither created nor destroyed.
